CRINKLE CUT

cases, launches its new range of extremely slim cases for the iPhone 7 and iPhone 7 Plus. Designed in Barcelona and engineered in the United States, this case combines the best of elegant design and tough resistance.

Peli is synonymous with hard-hitting quality. Drop your phone during a busy commute? There's no need to panic, since protective cases that withstand the most extreme conditions on earth are Peli's specialty. And the Peli Guardian is no exception. With its advanced shock absorption core, it's one of the thinnest protective cases on the market.

Designed by well-established designer David Ahmad (European Luxury cars and high-end furniture), the Peli Guardian is conceived for the professional that travels for business or leisure; that goes to work beating the traffic by public transport, motorbike or bicycle or that enjoys practicing sports. And, this phone case does not forget the need for mobile protection when going home and playing with the kids!

Key features include:

Drop Tested Durability – Tested to Military Specifications to survive multiple drops.

Peli exceeds the 810G Military Standard

2 Layers of Impact Protection – Constructed of high-impact absorbing materials – TPU rubber inside and TPE on the outside

Slim design – makes it easy to hold and handle

Childproof

Life Time Guarantee – You Break It, Peli replaces it forever™ (where applicable by law) For the iPhone 7 and iPhone 7 Plus, the Guardian cases are already available on Amazon UK, France, Germany, Italy, Spain, Mibilefun and other retailers.

In Black/Blue and Black/Grey colours, both models SRP is £24,99/24,99€
