↑ Peli case for iPad
TG mag photographers use tough Peli cases to store kit. They are often run over by road testers, and almost always survive. So do the cases. Now you can have one for your iPad. **£70; peliproducts.co.uk**

↑ Brake disc clock
A wall clock made from a genuine brake disc off Romain Grosjean's F1 car. So you'll be able to pinpoint the precise time he crashes due to a catastrophic lack of stopping power. **£499; mementoexclusives.com**

↑ Gas pump cabinets
Display cabinets disguised as old-fashioned petrol pumps. They look vintage, but they're actually new – built by hand in Britain using galvanised steel panels with stainless steel fittings. **£TBBC; customgaspumps.co.uk**
